📍 Unit 405 Unit 1, Building 20, Nanxiazhu D District

Founded in Shenzhen in 2019, Shenzhen Siliease Technology Co., Ltd. is a subsidiary of AMIGO Industrial Investment Co., Ltd. It is an export-oriented industry and trade enterprise specializing in silicone products, focusing on the full-category R&D of silicone goods. We have built three core product lines of outdoor travel supplies, home storage products and silicone mold development, and gradually expanded to kitchenware, mold products and pet supplies in subsequent development. With an annual export volume of over RMB 20 million, our products mainly target European and American markets and hold a considerable market share, accounting for 47.95% of the European market. Boasting a sound organizational structure with design, R&D, procurement and other departments, the company has more than 100 professionals performing their respective duties, and cross-departmental collaboration empowers our sustainable development.

Born amid the rising global demand for eco-friendly and convenient lifestyles, the brand leverages silicone's properties of safety, non-toxicity and recyclability to create innovative functional products such as travel refillable bottles and collapsible water cups by integrating market needs. Aiming to become a global leader in the silicone product industry, we adhere to a customer demand-oriented approach, take innovation and technological upgrading as the driving force for development, and balance environmental protection and social responsibility.

Upholding the core values of Innovation, Collaboration, Responsibility and Win-Win, we cooperate with a 5,000 m<sup>2</sup> modern production base equipped with high-precision equipment like injection molding machines and vulcanizing machines, with a daily output of 30,000-50,000 silicone products and stable delivery. Holding multiple international certifications including FDA, LFGB and
