Shenzhen, Guangdong Province, China P.R.C

Founded in 2019, Shenzhen SiliEase Technology is a specialized exporter of premium silicone products. We focus on outdoor travel gear, home storage solutions, and custom mold development. With a team of over 100 professionals, we seamlessly integrate design, R&D, and quality control into a cohesive operation. We consistently deliver eco-friendly, functional, and high-quality solutions to global markets, including Europe and the U.S., currently maintaining an annual export value exceeding ¥20 million.

Our manufacturing base is a 5,000 m² state-of-the-art facility in Dongguan, fully compliant with ISO9001 quality management and BSCI social compliance standards. Equipped with 10 injection molding machines, 10 vulcanizers, CNC lathes, and precision stamping presses, we achieve a robust daily capacity of 30,000–50,000 units. By implementing rigorous 6S management and dust-controlled environment protocols, we ensure operational excellence and consistent, high-quality output for large-scale international orders.

We leverage a technical team of senior mold designers and engineers with over a decade of industry expertise. From rapid prototyping to mass production, we provide tailored, professional solutions that meet international benchmarks like TÜV Rheinland. Through the synergy of manufacturing scalability, technical rigor, and engineering precision, we act as a reliable, long-term supply chain partner for global clients seeking high-performance, cost-effective silicone goods.
